- 2. The facts and other matters recited in the Administrative Motion to Consider Whether Cases Should Be Related, are based upon my own activities in the preparation of the Eggli case and my review of the dockets and certain pleadings in the other cases listed in the Administrative Motion.
- 3. I am submitting this Declaration, rather than a stipulation, because I have had no contact with any of the parties or their counsel in any of the matters referenced in the motion other than Steven Iriki, counsel for Performance Contracting, Inc.
- 4. Given the Court's presumed familiarity with and ready access to its own dockets, I believe that the Court can determine this Motion on the basis of the information presented without the delay inevitably involved in seeking a stipulation from all of the parties in the various matters.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this <u>13</u> day of November, 2007 at Redwood City, California.
